

Q: How do I set up an account with MindWare Wholesale?

A: There are 3 easy steps! You need to submit:

Step 1: A signed Credit Agreement

Step 2: A valid order (review Order Requirements below)

Step 3: A copy of your resale certificate

Order Requirements:

- \$100 minimum
 - Quantities must be at least 3 per product/sku
 - Orders must be submitted by email, fax or mail
- ***We cannot take orders over the phone***

New Customers:

It's a great idea to use a credit card on your first order. This allows us to expedite your order immediately as setting up terms can take time. Standard terms available once credit is established are N30/\$1000.

FYI: A typical order from an established account takes approximately 7-10 business days from the time the order is received to when it is delivered.
