# Blind SPELL™

Case Pack: 6  
Sku: 52130W

## The Word Game That's Out of Sight!

2 to 4 Players • Ages 7 and Up

How well can you spell when you can't see the letters? Distribute a handful of letters to the blindfold glasses-wearing player and announce the word to be spelled. The speller feels the letters and tries to arrange them in the right order before the ticking time runs out! Extra letters are added to the mix for increased challenge.

How well can you spell when you can't see the letters? Will you make it through all five challenging levels?

I can't see a thing!  
This feels like a W...  
or is it an M?!

Is he going  
to get it  
in time?

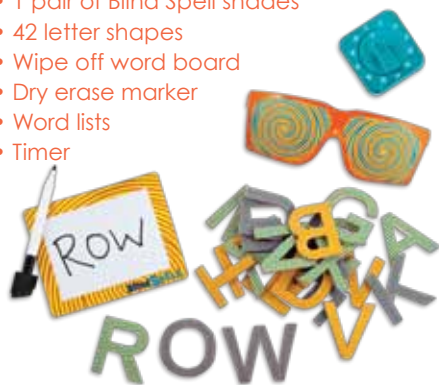

The timer keeps  
the pressure on!

### GREAT Reviews!

"Great game!!! Fun for kids who are learning to spell. My daughter loves it!"

"I use this game with my clients during sessions and at home. It's a wonderful way to increase self expression as well as spelling skills. All the children love it and it's a fun family activity too!"
