THE PATTERN GAME  
WITH A FLIP SIDE

SCRAMBLITZ is the fast-moving, tile turning puzzle game with a catch—each pair of patterned tiles has a black or white flip side. The trick is figuring out which side to use when recreating the puzzle card. Make the wrong choice and the puzzle won't work. It takes plenty of flipping, flopping and swapping to win the game!

## It's a race to recreate the pattern!
